Council and both of them are opposed to the idea, he is here today to ask them to deny any City funds for this project, Council Member Le stated that there was overwhelming support from the Vietnamese community but there was no public input, there were signed petitions but they did not know where and when it was gathered and the community was not aware of any meetings; he has suggested 2 alternatives for the signs; first, he suggested that Council Member Le consider holding a final townhall meeting making sure that all interested parties were aware that a majority of these meeting would decide about the signs, second, he suggested the sign should be named Alief International Dining and Shopping District since the area in question not only have Vietnamese restaurants but also Chinses, Japanese, Cajun, Tai, American, French and Mexican restaurants and both of the ideas where rejected, Vietnam is a Communist Country and Saigon does not even exist anymore and they would also appreciates their assistance in removing the streets signs that first caused this. reason to put up anything else, this is the future and they want Houston to reflect the future, they have people out there working for that, let's give them a chance, if they label them and brand them somehow their business will not flourish and for them to please consider this is not the way they want to go and thanked them for listening to them. Houston is the diversity, when someone always asked him where are some Hispanic restaurants in Houston, where is the Hispanic areas, where are some of the Persians, Indians and the Chinese areas well the only thing he knows is the Chinese areas was in Bellaire and the Vietnamese is all over the area, he work on Bellaire and he sees on Bellaire the changes in 1992, he heard a lot of people come up here and speak about branding and that is such a bad word, he wants to celebrate life and who we are by saying Little Saigon because everyone would know that is the Vietnamese area, that serve good, excellent Vietnamese food, restaurants, businesses, they are not trying to brand Alief that just want to change that little area to Little Saigon, so his children would know where to find good Vietnamese food. property values in their neighborhood, he is asking this, is sent the DRT out there to close it down. Council Members Stardig, Boykins, Martin, Le, Travis, Edwards and Christie absent.

Members of Council questioned Mr. Rasmus at length.

Council Member Green requested that Ms. Arva Howard to the podium to answer some questions by Members of Council.

Ms. Howard is an Assistant City Attorney and she stated that this is a Civil Rights Act because they are claiming that they are recovering addicts, that is a protected class in the Fair Housing Act as well as the American for Disability Act, just like they do not have an occupancy permit for their home, they do not either, the law deems them to be a single family, the law allows their use of the house even through it is rented.

1. PUBLIC HEARING regarding a fourth amendment to the Project Plan and Reinvestment Zone Financing Plan for **REINVESTMENT ZONE NUMBER TWENTY (SOUTHWEST HOUSTON) DISTRICTS F - LE and J - LASTER** – was presented,

Carnell Emanuel, Economic Development Analyst and Jennifer Curley, Financial Analyst made the following remarks:

On August 4, 2016, the Board of Directors of Reinvestment Zone Number Twenty ("Southwest Houston Zone") and the Southwest Houston Redevelopment Authority originally approved a Fourth Amendment to the Southwest Houston Zone's Project Plan and Reinvestment Zone Financing Plan ("Plan") and forwarded the Plan to the City Council for consideration. Subsequent changes were made to the plan and on December 13, 2016, the board approved the final version you see today.

In accordance with Sections 311.003 and 311.011 of the Texas Tax Code, a municipality must hold a public hearing when proposed amendments to a Project Plan include changes that increase the total estimated project costs stated in a Project Plan, or reduces or enlarges the boundaries of a Zone. The public hearing today is regarding the proposed Fourth Amendment to the Southwest Houston TIRZ Project Plan and Reinvestment Zone Financing Plan.

In brief, the Fourth Amended Plan provides for the design and construction of public infrastructure improvements such as roadway reconstruction, public utility system replacement and upgrades, public transit improvements and parks, and allows for improvements to the

Sharpstown swimming pool, golf course and public facilities. It also allows for land acquisition relating to the mall redevelopment.

The Amended Plan increases the percentage of tax increment that the City will contribute to the area annexed into the Southwest Houston Zone in 2013 to 100% of its tax increments generated within that annexed area.

The Amended Plan also contemplates a life extension of Zone through December 31, 2040.

Projected tax increment revenues are sufficient to support the projects in the Plan.

In closing, City staff has worked with the Southwest Houston Redevelopment Authority, the community and the council member's office on the proposed Fourth Amended Plan and will bring forth a recommendation for City Council to approve the plan amendment on December 20th. There is no further action required by council today.

MATTERS HELD - NUMBER 43

43. ORDINANCE AMENDING CHAPTER 46 OF THE CODE OF ORDINANCES, HOUSTON, TEXAS, relating to Vehicles for Hire; containing findings and other provisions relating to the foregoing subject; providing for severability - **TAGGED BY COUNCIL MEMBER LASTER** This was Item 15 on Agenda of December 7, 2016- was presented,

Mayor Pro Tem Cohen made the following statement:

Item 43 is a consideration of Changes to Chapter 46 of the Code of Ordinances. As you all know, the City has reached a compromise with Uber that will keep them in Houston through the Super Bowl, while not changing the City's position on fingerprint background checks. The changes that are being proposed to Chapter 46 reflect that agreement. However, this hasn't just been a conversation with Uber. The Mayor and City staff have met with stakeholders from the limousine industry and the taxi industry and what is being presented are changes that benefit the entire vehicle for hire industry as well as the City of Houston:

Because of these changes, ALL vehicle for hire drivers – taxi drivers, limo drivers, Uber drivers will be saving around \$120 on what they pay to be compliant with our licensing requirements;

Drivers can be onboarded more quickly, which is very important as our company's ramp up for Super Bowl. We have letters of support from both Central Houston and the Host Committee congratulating the City on taking these steps to streamline processes and work with the vehicle-for-hire industry to reach a win/win for Houston.

And as we streamline our processes, we hope to see cost savings for the City. The Administration has committed to performing a cost of service study in January to determine whether permit fee reductions are in order as a result of a lower cost of service due to greater efficiency.

Finally, there's been a lot of discussion this week on Uber's new policy on location services after a ride is concluded. That is a national company policy that has nothing to do with the City ordinance.

After a lengthy discussion Mayor Pro Tem Cohen called for a vote on Item 43, Council Members Stardig, Laster, Knox and Christie voting no, balance voting aye. Council Member Kubosh absent. **ORDINANCE 2016-0986 ADOPTED**

The City Secretary advised that Item 28 had been received.
