

CITY OF HOUSTON - CITY COUNCIL

Meeting Date: 3/24/2020

ALL

Item Creation Date:

HFD - Interlocal Agreement - Montgomery County ESD 6

Agenda Item#: 75.

Background:

The Fire Chief for the Houston Fire Department recommends that City Council approve an ordinance authorizing an Interlocal Agreement between the City of Houston (the "City") and Montgomery County Emergency Services District No.6 ("ESD 6") for the purpose of Mutual Aid Agreement for the provision of fire protection services.

Ever so often, situations arise demanding the combined efforts of two or more firefighting departments to provide fire protection services in the area of the City and ESD 6. It would be in the best interest of both the City and ESD 6 and the citizens thereof, to enter into an Interlocal Agreement in order to provide better fire protection service by authorizing cooperation between the fire protection services of both parties of this agreement.

The Parties to this agreement agree to provide automatic assistance of fire protection in specified first alarm response areas identified in the Agreement. Only resources that are identified in the Agreement will be considered for the Automatic Aid response. The Parties agree that the Requesting Party shall reimburse the Responding Party its actual cost for providing mutual aid assistance that requires a response exceeding twelve (12) hours. No reimbursement shall be sought or granted for assistance provided that does not exceed twelve (12) hours. The cost of service or item shall be the actual and reasonable cost, to the extent permitted by law and regardless of whether the Requesting Party receives aid, grants, or reimbursement from any source.
