

**CITY OF HOUSTON - CITY COUNCIL**

Meeting Date:

ETJ

Item Creation Date: 9/4/2020

HPW - 20WR252 – Petition Addition (10.0004) Reid Road Municipal Utility District No. 2

Agenda Item#:

**Background:**

**SUBJECT:** Petition for the City’s consent to the addition of 10.0004 acres to Reid Road Municipal Utility District No. 2.

**RECOMMENDATION:** Petition for the City’s consent to the addition of 10.0004 acres to Reid Road Municipal Utility District No. 2 be approved.

**SPECIFIC EXPLANATION:** Reid Road Municipal Utility District No. 2 (the “District”) was created through the TCEQ in 1978, and currently consists of 493.5698 acres within Harris County. The District is within the extraterritorial jurisdiction of the City of Houston (the “City”) and has petitioned the City for consent to add 10.0004 acres of developed commercial property, to the District. The proposed annexation tract is located in the vicinity of Windfern Road, Perry Road, FM 1960, and Sam Houston Tollway. The addition of land to the District does not release it from the City’s extraterritorial jurisdiction.

The Utility District Review Committee has evaluated the application with respect to wastewater collection and treatment, potable water distribution, storm water conveyance, and other public services.

The District has a wastewater collection system and treatment facility. The annexation tract will be provided with wastewater treatment by the Reid Road Municipal Utility District No. 1. Potable water is provided by the District.

The nearest major drainage facility for Reid Road Municipal Utility District No. 2 is White Oak Bayou, which flows to Buffalo Bayou, and finally into the Houston Ship Channel. The proposed annexation tract is not within the 100 or 500 year floodplain.

By executing the Petition for Consent, the District has acknowledged that all plans for the construction of water conveyance, wastewater collection, and storm water collection systems within the District must be approved by the City prior to their construction.

The Utility District Review Committee recommends that the subject petition be approved.
