Background:

The Westridge Regional Lift Station Construction Project is part of the City's ongoing program to improve its wastewater infrastructure through rehabilitation, replacement, consolidation, or diversion of wastewater lift stations throughout the City. The project provides for the design and construction of the required improvements as well as structural, mechanical, and electrical components at lift stations.

This eminent domain proceeding involves the acquisition of easement interest to one parcel of land containing a total of 8888 square feet. The property is located at 9205 & 9227 South Main Street in the City of Houston. The property is owned by Olympia Drive Main Street LLC. Prior to sending the matter to the Legal Department, the City attempted to negotiate a purchase of the property, but those efforts were unsuccessful.
