E32523 - Emergency Waterline Repair (Reytec Construction Resources, Inc.) - MOTION

Agenda Item#: 15.

Background:

E32523 - Emergency Purchase Order – Approve spending authority in an amount not to exceed \$3,563,071.00 to Reytec Construction Resources, Inc. for emergency waterline repair for Houston Public Works.

Specific Explanation:

The Director of Houston Public Works (HPW) and the Chief Procurement Officer recommend that City Council approve spending authority to **Reytec Construction Resources, Inc.**, in the amount not to exceed **\$3,563,071.00** for emergency waterline repair and that authorization be given to issue purchase orders for a **nine-month period** for Houston Public Works.

The Chief Procurement Officer issued an emergency purchase order to Reytec Construction Resources, Inc., on July 14, 2022, to make waterline repairs due to the increase of breaks caused by drought conditions. The City of Houston's distribution system had been experiencing a high volume of waterline breaks with the number of breaks steadily increasing over the summer months. The contractor has provided additional emergency repair crews in an effort to reduce this high number of waterline breaks and minimize the risk of reduced pressure and operational disruption in the water distribution system.

This recommendation is made pursuant to Chapter 252, Section 252.022 (a) (2) of the Texas Local Government Code for exempted procurements, " which provides a procurement necessary to preserve or protect the public health or safety of the municipality's residents."
