RECOMMENDATION: (Summary)

The petition for the addition of 35.096 acres of land to Harris County Municipal Utility District No. 130 be approved.

Amount and Source of Funding:

NONE REQUIRED

SPECIFIC EXPLANATION:

Harris County Municipal Utility District No. 130 has petitioned the City of Houston for consent to add 35.096 acres of land, located in the city's extraterritorial jurisdiction, to the district.

The Utility District Review Committee has evaluated the application with respect to wastewater collection and treatment, potable water distribution, storm water conveyance, and other public services.

The district is located in the vicinity of F.M. 529, Highway 290, Huffmeister Road and Jones Road. The district desires to add 35.096 acres, thus yielding a total of 757.641 acres. The district is served by the Harris County Municipal Utility District No. 130 Wastewater Treatment Facility. The nearest major drainage facility for Harris County Municipal Utility District No. 130 is Horsepen Creek which flows to Langham Creek, then to South Mayde Creek, then to Buffalo Bayou and finally into the Houston Ship Channel.

Potable water is provided by the district. By executing the Petition for Consent, the district has acknowledged that all plans for the construction of water conveyance, wastewater collection, and storm water collection systems within the district must be approved by the City of Houston prior to their construction.

The Utility District Review Committee recommends that the subject petition be approved.
