**Background:**

The Houston Health Department (HHD) requests City Council to approve an ordinance authorizing amendments to extend the expiration date of contracts between the City and various providers of elderly services through the Harris County Area Agency on Aging from September 30, 2017 to September 30, 2018.

The respective contracts were approved by City Council following a request for proposal process in 2007 and 2008. Each contract was effective on the date of countersignature and extended by various amendments through September 30, 2017.

The City of Houston, as designated by Texas Health and Human Services Commission (HHSC), has full authority and responsibility for funds and services authorized under the Older Americans Act of 1965, as amended. The Old Americans Act of 1965 designates the authorized activities and establishes funding for local reimbursement. In 2009 Council approved an ordinance that authorized application for, and acceptance of, all future awards of this grant. The services provided by these contractors will be funded by grant funds that are received, so no funding is requested at this time.

The list of service providers whose contracts will be extended is as follows:
