Subject: Amendment to Item No. 16 Ordinance.

Amendment to Item #16

I move to amend Item No. 16 Ordinance by striking Section 4 in its entirety:

“That the City Council hereby approves and authorizes the following amendments to Ordinance No. 2005-1395, passed and approved on December 20, 2005, relating to the adoption of certain policies and procedures for funding the City’s affordable housing programs: (1) change Section 2.A. to read as follows: “A. City controlled funds related to affordable housing will be competitively awarded based upon uniform application and review procedures, threshold criteria and scoring criteria set forth in program guidelines approved by the Director.”; and (2) remove Section 2.C. which currently reads as follows: “C. A published thirty day comment period will precede Council action on draft program guidelines and on any proposed substantial amendments to approved program guidelines.”
