For services set out in Sections III.A.2 and III.A.3, excluding Section III.A.2.g, performed in accordance with this Agreement, from date of issuance of a Work Order to the date of the construction contract's final completion, the City shall pay a lump sum amount agreed upon by the Director and Construction Project Manager which will be recorded in the Work Order when issued. If Director and Construction Project Manager do not agree to the lump sum amount for an individual project then the Director may send notice to the Construction Project Manager deleting such individual project from this Agreement. The Director may negotiate a lump sum fee for each Work Order equal to or less than the following:

 - b. Estimated Reimbursable Expenses;
 - c. Estimated Consultant Subcontract Cost plus 8%; plus
 - d. Estimated reasonable contract personnel cost and cost of personnel employed through employment agencies, plus 8%.

\$3,500.00 for each construction contract that is the basis for a Work Order. The City will pay Construction Project Manager based on invoices upon complete performance of the services set out in Section III.A.2.g.

If any of the following conditions listed in subparagraphs a, b, c, or d below occur with respect to a project, the Director may, but is not obligated to, negotiate with the CPM for an increase in the lump sum fee, subject to the limitations of paragraph IV.D., for services performed under Sections III.A.2 and III.A.3, excluding services under Section III.A. 2.g.:

- a. work required by the Construction Documents extends beyond the original contract time by more than 50% of the original contract time in the Construction Documents,
- b. the City adds work to that delineated by the Construction Documents so that the contract value of the work is increased by more than five percent or the contract time is extended by more than 60 days; this does not include increases in value or costs due to quantity overruns of estimated unit price quantities, increases in value/costs or time due to concealed or unknown conditions; or increases in value/costs or time due to field revisions of work required by the original construction documents,
- c. due to construction contractor's failure to substantially complete the project within the contract time established by the construction documents and any changes made thereto, the Construction Project Manager recommends assessment of liquidated damages for a period that includes 60 successive days; and/or
- d. the City terminates the construction contractor's performance and requests completion by the contractor's Surety in accordance with Article 14 of its Standard General Conditions for construction contracts.

The additional fee amount will be paid on the basis set forth in paragraph IV.A.4.

4. For supplemental activities specifically authorized by the Director and

performed in accordance with Section III A.4. and the authorization letter, the City shall pay Construction Project Manager the following for its services:

- a. Raw Salary times Raw Salary Multiplier; plus
- b. Consultant Subcontract Cost plus 8%; plus
- c. Reimbursable Expenses; plus
- d. Reasonable contract personnel cost and cost of personnel employed through employment agencies, plus 8%.

Services under III.A.2.o that would exceed 15% of the lump sum, as demonstrated by the Construction Manager's submitted records of actual expenses, will be considered by the Director as supplemental activities for authorization and payment.

B. METHOD OF PAYMENT

For services performed in accordance with this Agreement, the City shall pay Construction Project Manager based on invoices submitted by Construction Project Manager and approved by the Director. Invoices against the lump sum amount for the work order will be based on the approved work plan per Section III.A.1. For authorized supplemental activities, invoices must show the breakdown of type and cost of each item included within the definition of Reimbursable Expenses; a breakdown of the individual expenditures allowable as travel costs under the definition of Reimbursable Expenses; the actual invoice cost of Consultant Subcontract Cost times 1.08, including a copy of the Consultant's invoice; and the number of hours expended by Construction Project Manager's employees for each task of the Project. The City shall make payments to Construction Project Manager at its address for notices within 30 days of receipt of an approved invoice.

C. METHOD OF PAYMENT – DISPUTED PAYMENTS

If the City disputes any items in an invoice Construction Project Manager submits for any reason, including lack of supporting documentation, the Director shall temporarily delete the disputed item and pay the remainder of the invoice. The Director shall promptly notify Construction Project Manager of the dispute and request remedial action. After the dispute is settled, Construction Project Manager shall include the disputed amount on a subsequent regularly scheduled invoice or on a special invoice for the disputed item only.

D. LIMIT OF APPROPRIATION

The fees specified in Section IV.A. above are Construction Project Manager’s total compensation for its services under this Agreement. Under its Charter, the City may not obligate itself by contract to pay more money than the amount the City Council appropriates. The City Council shall appropriate only \$40,000.00 (“Original Allocation”) to pay for services under this Agreement. The City’s obligation to Construction Project Manager under this Agreement shall not exceed the Original Allocation. However, the City Council, at its sole discretion, may appropriate additional funds for this Agreement as it awards future construction contracts.

E. SUSPENSION OF PERFORMANCE

The Director may suspend Construction Project Manager’s performance under this Agreement, with or without cause, by notifying Construction Project Manager in writing. Construction Project Manager shall resume work when directed to do so by the Director. The parties may negotiate and mutually agree in writing to a plan to reduce stand-by costs to be paid to Construction Project Manager by the City during the suspension period, which shall not exceed \$5,000.00 under any circumstances. The City shall not grant any compensation or extension of time under this Section if the suspension results from non-compliance of Construction Project Manager or its Consultants with any requirement of this Agreement.

F. SUSPENSION BY CONSTRUCTION PROJECT MANAGER

In the event the appropriation under the Contract is insufficient to compensate

Construction Project Manager for Services in accordance with the payment provisions hereof, Construction Project Manager may suspend work under such Services at such time as the total appropriation is expended or obligated for payment to the Construction Project Manager, but shall resume such Services, if and when authorized by the Director, upon appropriation of additional funds by City Council.

G. CERTAIN OTHER DUTIES OF THE CITY

In addition to other duties under this Agreement, the City shall perform the following services:

1. When requested to do so in writing by the Construction Project Manager provide access to information such as existing drawings, maps, field notes, statistics, computations, and other data in the possession of the City which in the Director's opinion will assist the Construction Project Manager in the performance of its services hereunder; and
2. Examine documents submitted by the Construction Project Manager and render initial review and response pertaining thereto within five working days so as to avoid delay in the progress of the Construction Project Manager's services.

V. TERM AND TERMINATION

A. CONTRACT TERM

The Director may issue Work Orders for three years from the Countersignature Date. This Agreement is effective on the Countersignature Date and remains in effect until the final acceptance by the Director of the last Work Order issued by the Director.

B. TERMINATION FOR CONVENIENCE BY CITY

The Director may terminate this Agreement or a Work Order at any time by giving 30 days written notice to Construction Project Manager. The City's right to terminate the Agreement or a Work order for convenience is cumulative of all rights and remedies, which exist now or in the future.

On receiving the notice, Construction Project Manager shall, unless the notice directs

otherwise, immediately discontinue all services under the Agreement or Work Order as specified in the notice and cancel all existing orders and subcontracts that are chargeable to such Agreement or Work Order. As soon as practicable after receiving the notice, Construction Project Manager shall submit an invoice showing in detail the services performed under such Agreement or Work Order up to the termination date. The City shall then pay the fees to Construction Project Manager for services actually performed, but not already paid for, in the same manner as prescribed in Section IV unless the fees exceed the allocated funds remaining under this Agreement.

TERMINATION OF THE AGREEMENT OR WORK ORDER AND RECEIPT OF PAYMENT FOR SERVICES RENDERED ARE CONSTRUCTION PROJECT MANAGER'S ONLY REMEDIES FOR THE CITY'S TERMINATION FOR CONVENIENCE, WHICH DOES NOT CONSTITUTE A DEFAULT OR BREACH OF THIS AGREEMENT. CONSTRUCTION PROJECT MANAGER WAIVES ANY CLAIM (OTHER THAN ITS CLAIM FOR PAYMENT AS SPECIFIED IN THIS SECTION), IT MAY HAVE NOW OR IN THE FUTURE FOR FINANCIAL LOSSES OR OTHER DAMAGES RESULTING FROM THE CITY'S TERMINATION FOR CONVENIENCE.

C. TERMINATION FOR CAUSE BY THE CITY

If Construction Project Manager defaults under this Agreement, the Director may either terminate this Agreement, completely or in part or allow Construction Project Manager to cure the default as provided below. The City's right to terminate this Agreement for Construction Project Manager's default is cumulative of all rights and remedies which exist now or in the future. "Event of Default" by Construction Project Manager occurs if:

1. Construction Project Manager fails to perform any of its duties under this Agreement;
2. Construction Project Manager becomes insolvent;
3. all or a substantial part of Construction Project Manager's assets are assigned for the benefit of its creditors; or
4. a receiver or trustee is appointed for Construction Project Manager.

If an Event of Default occurs, the Director may, but is not obligated to, deliver a

written notice to Construction Project Manager describing the Event of Default and the termination date if the Director does not give the Construction Project Manager the opportunity to cure, or the date by which the Construction Project Manager must cure the Event of Default if the Director gives the Construction Project Manager the opportunity to cure. The Director, at his or her sole option may extend the termination date or cure date to a later date.

If after the cure period has expired, the Construction Project Manager has failed or refused to cure the Event of Default, then the Director may deliver a second written notice to Construction Project Manager giving notice of the termination of the Agreement or of the termination of Construction Project Manager's performance under the Agreement ("Notice of Termination".)

After receiving the Notice of Termination, Construction Project Manager shall, unless the notice directs otherwise, immediately discontinue all services under this Agreement, and promptly cancel all orders, Consultants or subcontractors chargeable to this Agreement.

D. TERMINATION FOR CAUSE BY CONSTRUCTION PROJECT MANAGER

Construction Project Manager may terminate its performance under this Agreement only if the City defaults and fails to cure the default after receiving written notice of it. Default by the City occurs if the City fails to perform one or more of its material duties under this Agreement. If a default occurs and Construction Project Manager wishes to terminate the Agreement, then Construction Project Manager must deliver a written notice to the Director describing the default and the proposed date by which the City must cure the default. The date must be at least 30 days after the Director receives notice. Construction Project Manager, at its sole option, may extend the proposed termination date to a later date. If the City cures the default before the proposed termination date, then the proposed termination is ineffective. If the City does not cure the default before the proposed termination date, then Construction Project Manager may send a second written notice to the City giving notice of the termination of this Agreement.

VI. MISCELLANEOUS

A. INDEPENDENT CONTRACTOR

Construction Project Manager shall perform its obligations under this Agreement as an independent contractor and not as an employee of the City.

B. FORCE MAJEURE

1. Timely performance by both parties is essential to this Agreement. However, neither party is liable for delays or other failures to perform its obligations under this Agreement to the extent the delay or failure is caused by Force Majeure. Force Majeure means fires, floods, and other acts of God, explosions, war, terrorist acts, riots, court orders, and the acts of superior governmental or military authority.

2. This relief is not applicable unless the affected party does the following:

- (a) uses due diligence to remove the effects of the Force Majeure as quickly as possible; and
- (b) provides the other party with prompt written notice of the cause and its anticipated effect including the anticipated length of the suspension of services hereunder and the anticipated date of resumption.

The City may perform contract functions itself or contract them out during periods of Force Majeure. Such performance is not a default or breach of this Agreement by the City.

If the Force Majeure continues for more than 14 days from the date performance is affected, the Director may terminate this Agreement by giving 7 days written notice to Construction Project Manager. This termination is not a default or breach of this Agreement. **CONSTRUCTION PROJECT MANAGER WAIVES ANY CLAIM IT MAY HAVE FOR FINANCIAL LOSSES OR OTHER DAMAGES RESULTING FROM THE TERMINATION EXCEPT FOR AMOUNTS DUE UNDER THE AGREEMENT AT THE TIME OF THE TERMINATION.**

C. SEVERABILITY

If any part of this Agreement is for any reason found to be unenforceable, all other parts remain enforceable to the extent permitted by law.

The notice is deemed delivered on the earlier of:

1. the date the notice is actually delivered;

I. NON-WAIVER

If either party fails to require the other to perform a term of this Agreement, that failure does not prevent the party from later enforcing that term and all other terms. If either party waives the other's breach of a term, that waiver does not waive a later breach of this Agreement.

An approval by the Director, or by any other employee or agent of the City, of any part of Construction Project Manager's performance does not waive compliance with this Agreement or establish a standard of performance other than that required by this Agreement and by law. The Director is not authorized to vary the terms of this Agreement.

J. INSPECTIONS AND AUDITS

City representatives may perform, or have performed, (1) audits of Construction Project Manager's books and records, and (2) inspections of all places where work is undertaken in connection with this Agreement. Construction Project Manager shall keep its books and records available for this purpose for at least 3 years after this Agreement terminates. If an audit by the City shows overcharges of eight percent or more for the relevant audit period, Construction Project Manager shall pay the overcharges within 30 days of being notified in writing by the City of the overcharge amount; at such time, pay the City interest on the overcharge amount at eight percent per annum calculated from the first of the month following the date each overcharge amount occurred; and pay the City the cost of the audit based on the hourly rates of the auditing City employees (times the hours actually expended) and the City's reasonable expenses.

K. ENFORCEMENT

The City Attorney or his or her designee may enforce all legal rights and obligations under this Agreement without further authorization. Construction Project Manager shall provide to the City Attorney all documents and records that the City Attorney requests to assist in determining Construction Project Manager's compliance with this Agreement, with the exception of those documents made confidential by federal or State law or regulations.

L. AMBIGUITIES

If any term of this Agreement is ambiguous, it shall not be construed for or against any party on the basis that the party did or did not write it.

M. SURVIVAL

Construction Project Manager shall remain obligated to the City under all clauses of this Agreement that expressly or by their nature extend beyond the expiration or termination of this Agreement, including but not limited to, the indemnity provisions.

N. PUBLICITY

Construction Project Manager shall make no announcement or release of information concerning this Agreement unless the release has been submitted to and approved, in writing, by the Director.

O. PARTIES IN INTEREST

This Agreement does not bestow any rights upon any third party, but binds and benefits the City and Construction Project Manager only.

P. SUCCESSORS AND ASSIGNS

This Agreement binds and benefits the Parties and their legal successors and permitted assigns; however, this provision does not alter the restrictions on assignment and disposal of assets set out in the following paragraph. This Agreement does not create any personal liability on the part of any officer or agent of the City.

Q. BUSINESS STRUCTURE AND ASSIGNMENTS

Construction Project Manager shall not assign this Agreement at law or otherwise or dispose of all or substantially all of its assets without the Director's prior written consent. Nothing in this clause, however, prevents the assignment of accounts receivable or the creation of a security interest under ' Section 9.318 (c) of the Texas Business & Commerce Code. In the case of such an assignment, Construction Project Manager shall immediately furnish the City with proof of the assignment and the name, telephone number, and address of the Assignee and a clear identification of the fees to be paid to the Assignee.

Construction Project Manager shall not delegate any portion of its performance under this Agreement without the Director's prior written consent.

R. REMEDIES CUMULATIVE

Unless otherwise specified elsewhere in this Agreement, the rights and remedies contained in this Agreement are not exclusive, but are cumulative of all rights and remedies that now exist or in the future. Neither party may terminate its duties under this Agreement except in accordance with its provisions.

S. MEDIATION

At the sole option of the Director, any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to non-binding mediation as a condition precedent to the institution of legal or equitable proceedings by either party. The parties shall agree on mediator and shall share the mediator's fee equally conditioned upon the City's appropriation of sufficient funds to pay such fee. The mediation shall be held in Houston, Texas.

6. In the event of the contractor's, subcontractor's, vendor's, supplier's, or lessee's non-compliance with the non-discrimination clause of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in

part, and the contractor, subcontractor, vendor, supplier, or lessee may be declared ineligible for further City contracts in accordance with procedures provided in Executive Order No. 11246, and such other sanctions may be imposed and remedies invoked as provided in the said Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as may otherwise be provided by law.
