MOTION

Agenda Item#: 14.

**Background:**

Formal Bids Received May 3, 2018 for S40-S26398 - Approve an award to Tommie Vaughn Motors, Inc. in the amount not to exceed \$5,827,840.16 for GM car and truck OEM replacement parts and repair services for the Fleet Management Department.

**Specific Explanation:**

The Director of the Fleet Management Department and the Chief Procurement Officer recommend that City Council approve an award to Tommie Vaughn Motors, Inc. on its low overall bid in the amount not to exceed \$5,827,840.16 for GM car and truck OEM replacement parts and repair services for the Fleet Management Department (FMD). It is further requested that authorization be given to make purchases, as needed, for a thirty-six month term with two (2) one (1) year options. This award consists of a price list for various GM replacement parts; which includes but is not limited to injectors, switches, power steering pumps, fuel pumps, water pumps, sensors, belt tensioners, wiring harnesses, engines and engine blocks. These materials will be used by the FMD to repair and maintain International trucks citywide. This award also includes a \$1,597,800.00 labor component for the repair of equipment that cannot be performed by City maintenance personnel and wrecker services to transport City vehicles.

This is a price list and line item award. Relative to the price list, the best discount which determines the low bid for a price list is the best bid received for quantities of high-use items selected as sample pricing items based on the current needs of the department. The bid total for sample pricing items does not represent the total amount to be purchased; rather, this recommendation is for the total estimated expenditures projected over the awarded term based on the low bid submitted for the representative samples.

This project was advertised in accordance with the requirements of the State of Texas bid laws. Five prospective bidders downloaded the solicitation document from SPD's e-bidding website and three bids were received as outlined below.
